NUMBER 47

25 Pied Pipers (Hamlin Students) Attending North Texas S. T. C.

Folks, below you will read the most remarkable letter the Herald has ever received in its 26 years of service in Hamlin. You know, it is surprising how many Hamlinites, Pied Pipers, students are attending the North Texas State Teachers College. Think of it! Read their names signed to their nice letter to the Herald.

Most of these young men and ladies have grown up in or near Hamlin and Ye Editor has known most of them since they were little babies, and it sounds good to get a letter from them now, on the old college grounds (we too trod back in the days of long ago.)

"Children, them were the good old days!" Every day of that time is as fresh in our memory as "yesterday". Congratulations to each and everyone of you.

Mr. Bowen Pope
Editor of The Hamlin Herald
Hamlin, Texas
Dear Mr. Pope:

We thought you might be interested in how well Hamlin is represented in North Texas State Teachers College this fall. There are twenty-five (25) Pied Pipers here. We are wondering how the town will manage without us, but maybe it will survive the loss. We have the Herald among us, so please be sure to keep us posted on all the latest news and "latest gossip".

WHO ELSE IS AWAY

Folks, you know in these days of automobiles, airplanes, fast trains, and "hitch-hiking", young people and maybe a lot of old ones can up and out to a distant corner of the world and one will not especially miss them till some reminder comes along and one will say, "Why of course I've missed you. Where have you been?" So that is the way with students going "off to school." So gradually we learn where this one and that one is attending or what he or she is doing. It makes no difference whether you are in school, in the army, the navy or fishing, we are glad to learn about it if it is good news.

CHURCH OF CHRIST

Bible Study 10:00 A. M.
Preaching 11:00 A. M.
Wednesday evening services 8:15.

A cordial invitation is extended to all to attend these services.

Mrs. R. W. Stubblefield returned Thursday from a visit with her father, H. L. Chapman, in Chillicothe, Missouri.

Mr. and Mrs. Horace W. Miller, of San Diego, Calif., came Monday accompanied by Tommy Williams, who had been spending two months with his aunt and grandmother, Mrs. H. A. McCain. Mrs. Miller is a sister of Mrs. Tom Williams, of Hamlin and formerly of Dallas.

Mrs. Merle Ladd, who bought the Jane Beauty Shop, formerly operated by Mrs. Wooten, has been busy this week preparing to re-open the shop. New equipment is being added and new improvements made. Mrs. Ladd's mother, Mrs. Murphy, of Munday, is here to make her home with her.

METHODIST CHURCH

Rev. John W. Hendrix, Pastor

We are pushing on toward victory. For attendance next Sunday, 225 has been set as the goal for the Church school. There are enough on the actual rolls to easily make this number. Your name is on the list; you have been among us and we expect you back next Sunday.

THE REVIVAL has registered a high sense of loyalty, an interesting group started with the meeting, to these have been added others, and with these additions has been added interest. A lot of real service has been rendered; a host of people have been interviewed, invited to the services and a large number have come. A number have come forward, declaring their rededication and some for church membership.

The meeting continues over Sunday and we are pushing the battle, soundly expecting Sunday to be a red letter day in the history of this church. Still praying and believing. Come and be with us. We need you. The preaching has been of a high order each service. You are missing the blessings of a vital message if you haven't heard Dr. Bickley. Services: Church School at 9:45 a.m. Public Worship: 10:50 a. m. and 8:00 p. m.

Leagues and Prayer Groups: 7:30 p. m.

COTTON INSECTS

By L. W. Bramblett
Field Representative
Hamlin Cotton Oil Co.

JUDGING BENEFITS OF POISON

The methods to determine the benefits of poisoning are the same as used to determine the extent of insect infestation before poisoning is begun. Since it is impossible to count the actual number of insects present in the cotton, a close observation must be made to estimate the approximate infestation. When it is found that flea hoppers are damaging forms on one-fifth of the stalks, poisoning should be begun. Usually two applications are necessary for control. With leafworms, most cotton raisers have had sufficient experience with them to judge from general observation when to start poisoning. However, some delay poisoning in the hope that the worms will let up. When this is done and the leafworms multiply rapidly, heavy damage is usually done before the first application of poison can be applied. The time to poison leafworms is when they first appear. Poison should be used against the boll weevil as soon as ten per cent of the fruit has been punctured. Poison should be used against the boll worm as soon as it is found that boll worm eggs have been laid on one-fifth of the stalks. Three applications are usually necessary to control the boll weevil or boll worm in this section. During some seasons it may be necessary to use more than three applications against the boll worm. It should be remembered that big results are not to be expected after only one application of poison except, possibly, in the case of leafworms. In the case of the boll worm, if the first application is put on after a large per cent of the worms are too big to poison, little results will be seen until other applications are used to kill succeeding crops of worms as they hatch out. To check the results of poisoning, first apply the sufficient number of applications, then compare the extent of infestation, the number of insect eggs present and the late or fresh damage with that previous to the first application of poison. Remember that little results can be expected from poisoning when the first application is delayed until heavy infestation and damage is present.

Mr. and Mrs. Ben Ferguson, of Dallas, were here Wednesday visiting with their mother, Mrs. B. S. Ferguson.

Hamlin Pied Pipers Win Opening Game From Lueders, 25-0

In Pipers' beautiful stadium last Friday night, a large enthusiastic crowd of football fans witnessed the first exhibition of this season's eleven. Although it is quite early to make any definite predictions, many hopeful prophecies could be heard following the game.

Hamlin's team is heavier this year than last year's aggregation, weighing sixteen pounds more per man.

Nearing the last of the first quarter, Hamlin pushed over its first score, followed by extra point. Another touchdown was added just before the half was up, and the last two touchdowns came in the fourth quarter. Hamlin made thirteen first downs, as against three for Lueders.

Friday night, September 20 (tonight) Hamlin will play host to Rotan. It has been 2 years since these teams met, the last time Hamlin went to Rotan, where they were beaten 12 to 2.

Come out to the game tonight. The local boys will be trying to erase a 12 to 2 drubbing, and Rotan will attempt to double the dose. Kick-off at 8:00 o'clock

Warning Given Against Givers of Bogus Checks

Tulsa, Sept. 12.—Warnings were broadcast today to business men and merchants in Oklahoma, Texas, Kansas, Missouri and Illinois that new waves of bogus checks are being circulated in oil field cities and districts. Some of the fraudulent checks have been drawn on The First National Bank and Trust Company of Tulsa in the name of The Pure Oil Company, it was said.

The bogus checks are printed in green ink on a cheap grade of paper stock, it was pointed out, and those presented have carried a registered protectograph number 464. The fraudulent checks, which have no resemblance to authentic Pure Oil Company payroll checks, have generally been presented to storekeepers, it was said, and have been signed by individuals not connected with the company. The bank's identifying code number has also been transposed to 81-6 on the bogus checks.

Merchants have been victimized recently in accepting the bogus checks in Seminole, Wetumka, Durant, Shawnee, Oklahoma; in Houston and Port Lavaca, Texas; Springfield, Missouri; Hugoton, Kansas; Benton and Fairfield, Illinois. Two men are being held in Southern Illinois jails, it was reported, and charges filed in connection with the bogus check passing activities in that area. Another man has been reported held, on similar charges, in Seminole.

Mrs. Dewey Gildon and children who have been visiting her sisters, Mrs. W. R. Calhoun and family and Mrs. Ted Armstrong and family, left Wednesday for California.

Imperial Barber Shop Re-Opens In Beautiful, Modern Quarters

BAPTIST CHURCH

Well, I ran out on you last Sunday. Mrs. East, Elizabeth Ann and I went to Hereford to visit my parents who live out on a farm ten miles from town. We did enjoy our visit but were glad to get back in Jones County. It is dry on the plains and these good crops look encouraging even to a preacher. I was glad to hear the good reports of the service last Sunday morning. We have passed the 300 mark every Sunday this month.

We have two more Sundays to go this Sunday School year. Next Sunday we need a real build up that we may reach that 375 on fifth Sunday or promotion day. Won't you be present? The pastor will preach at both services. The evening services will begin a little earlier. Training Union will start at 7:00 and evening worship will begin at 8:00. We are speaking at the evening service on "A Fruitful Church". Haven't fully decided what to preach on Sunday morning.

Oh, yes! Our Study Course begins September 23 and goes through the 27th. The various departmental books will be taught especially for workers in the departments and classes. WHAT BAPTIST BELIEVE will be taught by the pastor, and those not interested in the other courses will perhaps want this. Mrs. W. C. Russell will teach a course for junior boys and girls. It is an interesting book, THE JUNIOR AND HIS CHURCH. There is a place for every person in this week of training. Shall we look for you? "See you in Sunday School and Church Sunday."

H. E. EAST, Pastor

Hamlin Golfers Won In Las Cruces

Perhaps it will be well for the Hamlin friends of Elmer Feagan and his son, Elmer, Jr., and Bert Pribble to take a peep at these fellows' clothes these days.

You see last week Mr. and Mrs. L. B. Pribble and Elmer Feagan and son went on a golfing lark to Las Cruces, New Mexico—that is, just the men, for Mrs. Pribble stopped in Hobbs and remained with her son, Iris Pribble, while Foy accompanied the golfers on to the tournament grounds.

To make a long story short, Bert had gone to that place several times before and to prove to the "New Mexicans" that there is more than one Hamlinite who can wham the little white pills, he took the Feagan players along.

Now about the "clothes"—It is a fact that the Feagan's and also Bert came back with a lot of good new clothes.

You see prizes were offered, perhaps by Las Cruces merchants, and believe it or not, Elmer, Jr., seems to have topped the flight and was given the pick of a \$40.00 suit of clothes. Then along comes Daddy Elmer and wins \$12.00 worth of shirts so he is sporting a new one every day now. That's not all; Bert Pribble won a prize of \$8.00 worth of shirts, so Bert, not to let Elmer out sport him, got four \$2.00 shirts for his trouble. Then as a kind of bonus they gave Bert a lot of balls. Evidently he expects to lose some. Good clothes come in handy with Jack Frost just around the corner.

A. G. Arnett came in Friday from Springfield, Missouri, to visit friends and to look after business interests.

Blank "TEXAS NOTES" for sale at The HERALD.

A card received Thursday from Mrs. Joe McCrary, states that Dr. Joe McCrary, who has been seriously ill in a Santa Fe, New Mexico, hospital is getting along fine, but it is necessary for him to rest several days before he will be strong enough to return home. This comes as welcome news to the many friends of the McCrary family.

Last week the Herald told you about the re-opening of the Terrell Grocery that had been out of business for several months because of a big fire that took most of that half block.

This week we are glad to describe the new quarters of the Imperial Barber Shop that re-opened Thursday morning. Mere words do not describe either of these new adjoining structures as they really are, but by taking the words and the eye, one can realize that a bad fire resulted in many stream-lined improvements and modernizations one would have thought hardly possible.

The Imperial Barber Shop has the distinction of being in business at the same door for 35 years, and on several occasions before, that place has been scorched and smoked, but never before put out of business by a fire. But the nice little building is back now with safer, better walls, and new from front to back, bigger and better than ever.

The Imperial Shop is finished in white and a few touches of black, harmonizing with the adjoining Clements Building, occupied by the Terrell Grocery. Both of these places are decorated by a modern roll awning, white and black, and the Barber Shop has its main plate glass window shaded by a beautiful steel slat Venetian blind. The arrangement of the fixtures are the reverse of the old shop. The working side is to your right upon entering. The walls are white, with a bit of black trim, and the ceiling is of celotex. Four very modernistic lights make the place like day. The right wall has 27 feet of artistic mirrors and cases, cabinets, individual lavatories, etc., for the convenience of the four chairs, which are upholstered in black leather on chromium plated frames. Likewise there are six leather upholstered, chromium plated chairs for the customers who wait. No barber shop is complete without a good shine department, so Grogan Turner took care of that, too. So the fellow who wants his shoes shined will get to sit in a modern chromium plated chair, upholstered also in leather. Fred Jenkins (Red, to most people) is grinning over his new corner.

The Imperial Shop has installed a new air-conditioner bringing in fresh air through the roof to keep a frosty atmosphere all the time.

To the rear of the shop lobby are located the bath rooms, which are equipped as modernly as possible for tub and shower baths.

The old force of Tonsorial Artists will be standing in the same order as of former days: First chair is Jimmy Simmons; next, Arthur Burns; then the extra chair; and in the fourth place is the proprietor, Grogan W. Turner.

Yes, sir, folks, that fire gave these boys a close shave, and now they are ready to pass it on to all comers. Congratulations from the Herald!

Calvin Smith, Jr., went to Austin Tuesday to continue his work in the University of Texas.

Mrs. J. A. Parker and her aunt, Mrs. W. E. Stone returned Monday to their homes in Amarillo after a visit with Mrs. Parker's parents, Mr. and Mrs. L. E. Stone.

Vegetable Laxative Makes Happy Friends

Here's a laxative that usually acts thoroughly as harsher ones but is a gentle persuader for intestines when used this way: A quarter to a half-teaspoonful of spicy, aromatic BLACK-DRAUGHT on your tongue tonight; a drink of water. There's usually time for a good night's rest, with a gentle, thorough action next morning relieving constipation's headaches, biliousness, sour stomach, bad breath.

BLACK-DRAUGHT is a splendid combination of vegetable ingredients, chief of which is an "intestinal tonic-laxative" that helps impart tone to lazy bowel muscles. It's economical. 25 to 40 doses: 25c.

Will Appreciate Your Business

I GIVE YOU TEXAS

(By BOYCE HOUSE)

When I was a little boy in a little town, wagons loaded with logs used to come to the mills. Their cargo discharged, the empty wagons would start back to the woods and, as the big horses plodded along in the white dust of the street, a lad could climb on the end of a coupling-pole and ride as long as he wished. However, the further you rode, the further you had to walk back. Life is that way.

Much has been written during the past summer concerning the Golden Gate Exposition in San Francisco and the World's Fair in New York but we should not—in gazing at distant, green pastures—overlook our own exposition.

The State Fair of Texas is not only the largest in the field of state expositions but, utilizing the grand array of structures erected for the Texas Centennial and the Pan-American fairs, is worthy of mention in the same breath with the New York and San Francisco ones—and it is right at our doors, not half a continent away.

The buildings and grounds in Dallas represent more than \$15,000,000. That the people of Texas appreciate their own fair is shown by the fact that an all-time record in the 51-year history of the exposition was set last year when 1,036,708 persons passed through the turnstiles.

A few days ago, your columnist strolled around the grounds where crews were putting things in readiness for the opening on October 5. Looking at the double row of great exhibit halls with the long pool between, one could visualize the scene that soon would come into existence under the star-spangled Texas sky—silver fountains, thousands of many-colored lights, throngs slowly shuffling past the giant murals, the dull hum of voices, the throb of music in the distance, and the pungent odor of mustard-smeared hot dogs.

Many educational features have been arranged—an exhibit from Mexico, historical, archaeological and handicrafts; a citrus display from the tropical Lower Rio Grande Valley; and exhibit from the Fruit Belt of Cherokee, Panola, Nacogdoches, Rusk and Shelby Counties; a hobby show; an Irish potato exhibit from the Panhandle; and the National Hereford Show with \$25,000 in premiums. The Texas Jersey Cattle Club is planning a "bigger and better" show. In all, \$80,000 in livestock prizes will be offered.

OLD JOKES:

Judge: Guilty or not guilty?
Prisoner: Ain't that what we got the jury for.

And, the one about the old man who says, "My boy, John, writes that he's been sent to the legislature but he doesn't say what for."

Speaking again of the State Fair—glittering, fast-moving entertainment will be given. The Mexican Police Tipica Orchestra will provide free concerts twice daily; the Queen of Queens pageant (viewed last year by 40,000) will be a free attraction on opening day; "Americana", huge outdoor revue, will be presented twice nightly on the 300-foot stage in front of the grandstand, starring well-known screen, stage and radio personalities. Incidentally, the finale will be a spectacular fireworks display.

And on the Midway there will be "the Streets of Shanghai", two girls whose combined weight is 1,416 pounds, "French Casino", "Beautiful Hawaii" with Princess Alahoa and her hula girls, the International Midgets and many breath-taking rides. You'll see Texas and Texans on parade at the State Fair, October 5-20.

Even cotton gins are going streamlined in their business appeal. Judge Ralph Yarborough, back from a vacation, reports seeing this sign on an Arkansas gin: "Trading here is like making love to a widow; you can't overdo it."

Another reader (who didn't sign his name) sends in this one, seen in a tavern: "You don't have to be crazy to tend bar but it helps a lot."

The porter at the Connelley Hotel in Eastland, announcing a bus, has a chant: "All aboard for Cisco, Hico, Waco, any-place-you-wanna-go."

"Build-Up" Good News For Suffering Women

Much of women's periodic distress may be unnecessary!

Many who suffer from headaches, nervousness, cramp-like pain, other symptoms of functional dysmenorrhea due to malnutrition are helped by CARDUI.

Main way it helps relieve periodic distress is by increasing appetite and flow of gastric juice. Thus it often aids digestion; helps build strength, energy, resistance to periodic disturbances.

Others find help for periodic discomfort this way: Start a few days before and take CARDUI until "the time" has passed. Women have used CARDUI more than 50 years.

Joe Clements, son of Mr. and Mrs. Ira Clements, suffered a painful cut Wednesday afternoon when he fell off a fence while at play. He was carried to the Stamford Hospital where several stitches had to be taken, but he was able to return home Thursday morning. He is doing nicely.

Beauty Reaches All-Time High in New '41 Chevrolet

Completely new styling joins with numerous mechanical improvements to make the new 1941 Chevrolet, now on display at all dealers', a worthy successor to the cars which have earned first place in public favor year after year. The greater size and roominess of the new models, as well as their sleek new beauty, are apparent in the Special De Luxe Sport Sedan, shown above.

At (2) is shown the spacious interior of the same model's rear compartment, and at (3) is its front compartment, showing two-spoke steering wheel with horn-blowing ring, new sliding-type sun visors, and smartly re-styled dash.

One of the major changes is substitution of concealed safety-steps (4) for the running boards of other years, an improvement adding to the car's beauty without sacrifice of the safety and convenience which running boards provide. At (5) is the six-cylinder Chevrolet valve-in-head engine for 1941, in which many refinements have been made. Horsepower is increased from 85 to 90 without affecting economy; and cooling, lubrication and carburetion are all improved. In circle is the new switch which reverses the ignition current polarity each time the starter is operated, indefinitely prolonging the life of distributor points.

POT SHOTS FROM McCAULLEY

BY GEO. DARDEN

Mr. and Mrs. S. E. Miers and Mr. and Mrs. Ellis Eivens and children and Margaret Darden made a trip last week to Balmorhea, Monahans and Pecos. While away, they visited Mr. and Mrs. W. W. Miers and family and Mr. and Mrs. Sim Reeves and family, all of Balmorhea, and Mr. and Mrs. James B. Wall of Monahans.

We understand that there has been another location made for another oil well near McCaulley. Here is hoping that the whole country will soon be dotted with producers.

The gins are ginning cotton fairly steady, and we would have more cotton to gin now if we had more pickers in the country.

Mrs. L. E. Rector and daughter have been visiting Mr. and Mrs. Turner Beard in Itasca, Texas.

Ivan Mustain, who is stationed at Ft. Sam Houston, visited his mother and sister and other relatives in McCaulley for a few days. Ivan has been in the Army for about six months.

Mr. and Mrs. Joe Scaggs have rented a house from Mrs. Lottie Rector and have moved from Roby to McCaulley. Mr. Scaggs is head driller on the oil well known as J. L. Maberry No. 1.

Mr. and Mrs. A. Scaggs have rented apartments at Mr. and Mrs. J. M. Humphries' home. Mr. Scaggs is also working on the Maberry well.

Mr. and Mrs. Jack Griffith and family visited relatives and friends in Eskota last Sunday.

We understand that Happy McHone is to open a new barber shop in the W. A. Hemphill building in the near future. Happy is well known in these parts and is a jam-up good barber.

Mr. and Mrs. Leiland Clifton are visiting Mrs. Clifton's parents this week. Both teach at Stith, Texas.

Mrs. Louis Rector has rented rooms to oil field workers. Rooms and apartments are in demand in our little city.

Trucks loaded with Mexicans from the valley are rolling into town and the cotton will soon start the gins humming in a big way.

Clarence Clark who lives on the river near Sylvester was trading in McCaulley Monday.

Luther Akins who has been ill for the past two weeks is up and is better at this writing.

Alene Akins, daughter of Mr. and Mrs. Luther Akins, underwent an operation at the Sweetwater hospital last week. Miss Akins is reported not doing well.

Jess Humphries made a trip to Sweetwater last Monday on business.

Tip Turner, who works at the Gyp Mill and farms north of town is a very busy man these days. Hauling cotton at night and working a day-light shift keeps a fellow on the run.

Too much home brew gets a fellow in trouble. One of the colored citizens was arrested and charged with disturbing the peace last Sunday. It seems as if the brew or what ever he was drinking caused him to want to whip his wife, but she outran him.

Mrs. Dick Maberry has gone to Fort Davis to be with her sister, Mrs. Fred Maberry, who is ill there.

Mr. and Mrs. Cecil Eivens, of Lubbock, are visiting relatives in Hamlin and McCaulley for a week.

Mr. and Mrs. Martin Humphries, who live on the plains, are visiting relatives here.

We consider the State Democratic Convention at Mineral Wells a success even though it didn't do much more than boo and hiss Hal Collins. It seems that because Mr. Collins has had some success with his jazz band in getting elected to office friends of his, he took it for granted that he could say what he pleased before the Convention about the New Deal, and it just wouldn't work with a bunch of southern Democrats. Don't be surprised if Mr. Collins and his band join up with Wendell Willkie and his millionaire Republican friends. We know a lot of folks that use to take Crazy Crystals who are now taking Black Draught. We predict that little Hal has his eye set on the governor's chair two years from now, but the folks will likely wake up to the fact that we are going to need more than ordinary swing music and medicine men to pilot our affairs of state. We would be justified for taking a few cracks at Mr. McDonald, too. We only hope that we shall get forgiveness for casting our vote for him or anybody else who is swinging on the coat tail of Mr. Willkie.—A DARDEN-O-GRAM.

Engage in reform, certainly, but confine your efforts to your own conduct rather than to that of others.—E. W. Howe.

"Build-Up" Relief Explained to Women

A simple method has saved many women a lot of suffering! It is based on the fact that headaches, nervousness, cramp-like pain are often symptoms of functional dysmenorrhea due to malnutrition.

Help for this condition so often follows the use of CARDUI, because it usually increases the appetite and the flow of gastric juice; thus aids digestion and helps build physical resistance. Usual result is less periodic distress.

Many who take CARDUI a few days before and during "the time" have found this helps ease periodic discomfort. Women have used CARDUI for more than 50 years!
